Rough Thesis: Topic: Fraternities and Sororities

Thesis (what I think): The Greek system in colleges must be reformed or face elimination.

Supporting reasons:

1. Destructive and abusive behavior occur at parties that include alcohol and violence (both physical and sexual)
2. Academic performance is at a low
3. Pledging and initiation rites include discrimination and hazing

Opposing viewpoint (other people think): Positive influences and tradition make fraternities and sororities necessary for a complete college experience.
